Nguyễn Đức Nam

FRONTEND WEB DEVELOPER

Dob: 11/08/1999
Gender: Male
Phone: 0373690243
Email: namkma99@gmail.com
Website: https://namkma99.github.io/portfolio-pro-react/
Address: Hanoi, Vietnam

EDUCATION

9/2017 - 3/2022

Academy Of Cryptography Techniques
Major: Electronics And Telecommunication
GPA: 3.12/4

FRONTEND LEADERSHIP

Dynamic Frontend Tech Lead with 5 years of experience specializing in high-performance web systems (Fintech, Proptech, Healthcare). Expert in architecting scalable solutions with React/Next.js and optimizing complex system flows. Proven leadership in managing teams of 3-6 members, implementing CI/CD, and reducing technical debt by 20%. Passionate about System Architecture and bridging the gap between business requirements and technical excellence.

WORK EXPERIENCE

12/2023 - now

RIKKEISOFT
POSITION: Frontend Tech Lead

- Architected and governed the frontend ecosystem for high-traffic projects in Japan/Australia markets.
- Architected modular frontend structures to ensure long-term maintainability and scalability.
- Established GitFlow, ESLint/Prettier standards, and automated testing workflows, ensuring 95% code consistency across the team.
- Collaborated with PMs on sprint planning, technical estimation, and task breakdown to ensure on-time delivery.

06/2020 - 11/2023

NCC PLUS VIETNAM JSC
POSITION: : Web developer

- Developed core features for diverse web platforms for clients in Singapore and Japan.
- Built a reusable UI Design System that accelerated frontend development speed by 30%.
- Optimized application performance and integrated complex RESTful/GraphQL APIs.
- Mentored junior developers and contributed to internal technical workshops.

SKILLS

Languages	JavaScript (ES6+), TypeScript, Python.
Frameworks/Libraries	React, Next.js, Angular, Node.js, Django.
Cloud & Tools	AWS (CDK, S3, EC2), CI/CD, Git, Git Flow, Agile/Scrum, Redmine.

PROJECT

📅 02/2025 - Present

🪐 **Live App | 👥 Team: 15 | 🇯🇵 Japan**

Frontend Tech Lead

- **Tech Stack:** Next.js, TailwindCSS, Python, PostgreSQL, AWS.
- **Key Achievement:** Refactored legacy components into a modern architecture, significantly improving rendering speed and SEO performance.

📅 10/2024 - 02/2025

PHT | 👥 Team: 10 | 🇯🇵 Japan

Frontend Tech Lead

- **Tech Stack:** React, TypeScript, TailwindCSS, Python, NoSQL.
- **Key Achievement:** Optimized UI/UX for healthcare modules and integrated complex frontend flows with backend APIs to streamline patient appointment bookings

📅 06/2024 - 09/2025

🛠️ **Abaco | 👥 Team: 6 | 🇦🇺 Australia**

Frontend Tech Lead

- **Tech Stack:** Next.js 14, Shadcn UI, Golang, MySQL, AWS.
- **Key Achievement:** Developed a high-performance CMS to manage heavy 3D assets. Optimized AR preview performance on mobile browsers by implementing lazy-loading and model compression techniques.

📅 03/2023 - 11/2023

🏡 **Trudi | 👥 Team: 10 | 🇦🇺 Australia**

Front-end developer

- **Tech Stack:** Angular, TypeScript, Ionic, AWS CDK, Node.js.
- **Key Achievement:** Delivered a cross-platform property management solution, handling complex communication flows between property managers and tenants.

📅 11/2022 - 3-2023

💰 **ESG | 👥 Team: 15 | 🇸🇬 Singapore**

Front-end developer

- **Tech Stack:** React, TypeScript, GraphQL, Hasura, Node.js, PostgreSQL.
- **Key Achievement:** Developed financial and bond data modules for an investment decision-making platform, ensuring seamless data integration via GraphQL.

📂 OTHER PROJECTS (2020 – 2022)

Worked on several web platforms for clients in Japan and Singapore, focusing on UI development, API integration, responsive design, and feature delivery. Projects included **ITouch**, **YourCar**, **Memories**, and **Design System**, using **React, TypeScript, Node.js, and MongoDB**.
