Address: Hanoi, Vietnam

EDUCATION

9/2017 - 3/2022

Academy Of Cryptography Techniques
Major: Electronics And Telecommunication
GPA: 3.12/4

FRONTEND LEADERSHIP

Dynamic Frontend Developer with 4+ years of experience in building scalable, high-performance web applications across **Fintech, Proptech, and Healthcare**. Proven track record in leading engineering teams (3-6 members), architecting robust frontend systems, and optimizing user experiences. Passionate about clean code, system scalability, and mentoring junior talent to achieve delivery excellence.

WORK EXPERIENCE

12/2023 - now

RIKKEISOFT
POSITION: Frontend Tech Lead

- Spearheaded frontend development for large-scale projects targeting Japanese and Australian markets.
- Architected modular frontend structures to ensure long-term maintainability and scalability.
- Established coding standards and conducted rigorous code reviews, reducing technical debt by 20%.
- Collaborated with PMs on sprint planning, technical estimation, and task breakdown to ensure on-time delivery.

06/2020 - 11/2023

NCC PLUS VIETNAM JSC
POSITION: : Web developer

- Developed core features for diverse web platforms for clients in Singapore and Japan.
- Built a reusable UI Design System that accelerated frontend development speed by 30%.
- Optimized application performance and integrated complex RESTful/GraphQL APIs.
- Mentored junior developers and contributed to internal technical workshops.

SKILLS

Languages	JavaScript (ES6+), TypeScript, Python, Golang.
Frameworks/Libraries	React, Next.js, Angular, Node.js.
Cloud & Tools	AWS (CDK, S3, EC2), CI/CD, Git, Agile/Scrum, Redmine

PROJECT

📅 02/2025 - Present

🪐 **Live App** | 👥 **Team: 15** | 🇯🇵 **Japan**
Frontend Tech Lead

- **Tech Stack:** Next.js, TailwindCSS, Python, PostgreSQL, AWS.
- **Key Achievement:** Refactored legacy components into a modern architecture, significantly improving rendering speed and SEO performance.

📅 10/2024 - 02/2025	**PHT | 👥 Team: 10 | 🇯🇵 Japan** **Frontend Tech Lead** • **Tech Stack:** React, TypeScript, TailwindCSS, Python, NoSQL. • **Key Achievement:** Optimized UI/UX for healthcare modules and integrated complex frontend flows with backend APIs to streamline patient appointment bookings
📅 06/2024 - 09/2025	**🛠️ Abaco | 👥 Team: 6 | 🇦🇺 Australia** **Frontend Tech Lead** • **Tech Stack:** Next.js 14, Shadcn UI, Golang, MySQL, AWS. • **Key Achievement:** Developed a sophisticated CMS for managing 3D models, optimizing the AR preview experience on mobile devices for Australian clients.
📅 03/2023 - 11/2023	**🏡 Trudi | 👥 Team: 10 | 🇦🇺 Australia** **Front-end developer** • **Tech Stack:** Angular, TypeScript, Ionic, AWS CDK, Node.js. • **Key Achievement:** Delivered a cross-platform property management solution, handling complex communication flows between property managers and tenants.
📅 11/2022 - 3-2023	**💰 ESG | 👥 Team: 15 | 🇸🇬 Singapore** **Front-end developer** • **Tech Stack:** React, TypeScript, GraphQL, Hasura, Node.js, PostgreSQL. • **Key Achievement:** Developed financial and bond data modules for an investment decision-making platform, ensuring seamless data integration via GraphQL.

📂 OTHER PROJECTS (2020 – 2022)

Worked on several web platforms for clients in Japan and Singapore, focusing on UI development, API integration, responsive design, and feature delivery. Projects included **ITouch**, **YourCar**, **Memories**, and **Design System**, using **React, TypeScript, Node.js, and MongoDB**.
